SOARING PRICES OF MATERIALS USED IN BATTLESHIPS HITS GOVERNMENT HARD

When Bids Are Opened Today It Is Found That Extra Allowance of \$3,000,000 Made for Each Vessel Is None Too High.

CANNOT SAY WHEN THE AWARDS WILL BE MADE

Figures Must First be Studied Carefully by the Navy Constructors; No Need of Construction in Government Yards.

(By Evening Herald Special Wire.)
Washington, Oct. 25.—When bids for four new battleships and two destroyers, the largest order ever placed by the navy, were opened today, it was disclosed that the government is the soaring prices of materials in perfecting the new building program, although the department has allowed \$3,000,000 more for each battleship than it did last year and placed a limit of \$12,500,000 for hull and machinery alone. The bidding will be a close margin. All the bids proposed a modification of the department's specifications in some respects. The lowest figure placed by any bidder was \$19,500,000, as the Navy department has estimated that each of the new battleships will cost \$19,500,000 and the destroyers \$12,500,000. That, however, was under the department's proposal for shortening the period of construction and stipulating that the department and not the contractor should supply the machinery. For a ship within 42 months, under the same conditions the contractor bid \$19,500,000. For a ship to be equipped with armor plates to be supplied and maintained by the contractor, the contractor was quoted as bid for two ships \$21,000,000 each.

All bids of the four new battleships, building contracts, controlled by the Navy department, were submitted with the stipulation that they be based on current prices for materials and labor. The contractor proposed that the government pay any increase in price of materials and labor in the future. The four new battleships, built under a contract of \$19,500,000 each, will be built at the Navy yard at Puget Sound, Wash., and the destroyers at the Navy yard at Groton, Conn.

M'NAMARA TO MAKE EFFORT TO SECURE HIS FREEDOM FROM PRISON BY PAROLE

Labor Leader, Concerned in Los Angeles Times Dynamiting Case, Will Apply Saturday for His Release from San Quentin.

COAST LABOR BODIES ASKED TO GIVE HELP

The International Association of Bridge and Structural Ironworkers Requests That Application be Endorsed.

(By Evening Herald Special Wire.)
San Francisco, Oct. 25.—Parole for John J. McNamee, who was involved in the dynamiting of the Los Angeles Times building in 1910, probably will be asked Saturday from the state board of prison directors, it was reported here today. McNamee, although indicted and put on trial for murder in connection with the Times dynamiting, eventually pleaded guilty to dynamiting the building and was sentenced to 25 years in prison. With attorneys for parole, he has been in the hands of the state board of prison directors, it was reported here today. ARMIES OF CENTRAL POWERS KEEP RIGHT ON DRAWING LINES AROUND RUMANIANS

Process of Closing in from Both Sides Is Being Continued by Troops of Teutonic Allies; New Positions Captured.

VON MACKENSEN TAKES TOWN OF TCHERNAVODA

From This Point Stretches Only Bridge Across Danube from Dobruja Carrying Line of Railway into Interior Rumania.

(By Evening Herald Special Wire.)
Bucharest, Oct. 25.—The armies of the central powers are keeping right on drawing lines around the Rumanians. The process of closing in from both sides is being continued by the troops of the Teutonic allies. New positions have been captured. Von Mackensen has taken the town of Tchernavoda. From this point stretches only a bridge across the Danube from Dobruja carrying the line of railway into the interior of Rumania.

Register and Help Smash the Slate

A vote for the Democratic ticket in Bernalillo county on November 7 is a vote in favor of a free ballot, honesty in politics and faithful service on the part of public officials.

A vote for the Republican ticket is a vote in favor of the Hubbell-Gillenwater-Romero slate, a boss picked ticket, a ticket placed before the people for the purpose of fooling some of them to vote it in order that, if successful, these three men may again absolutely dominate politics in this county.

The Democratic ticket was selected by the people. The Republican ticket was selected by the gang. The voters have in the past known to their sorrow of the political methods of Hubbell and Pussfoot Gillenwater, also of Romero, perpetual office-seeker and office-holder. Do they want to restore these men to power?

We do not think so. We believe the voters of Bernalillo county are too intelligent to allow themselves to be hoodwinked into voting a ticket for which these men stand sponsors.

The Hubbell-Gillenwater-Romero slate must be smashed on election day. These men must be given such a stinging defeat at the polls that never again will they aspire to gain control of politics in this county.

And don't forget, all you voters who believe in thwarting the wishes of the gang, to turn out on election day and vote the Democratic ticket.

Another thing. Don't forget to register. Take no chances by entrusting this important duty to some friend, but see to it personally that your name is on the registration book.

If you are not registered you will not be allowed to vote. Take time at once to see that this important matter is properly attended to.

There seems to be conflicting opinions as to when the books will close—whether the 27th or 28th. Anyhow, in order to be on the safe side, see that you are registered not later than the former date.

Your vote is needed to help smash the Bernalillo county slate.
